Work-based Learning -- Internship/Apprenticeship

AGREEMENT

Work-based learning allows students to go beyond the classroom and into the community to develop student competence. This agreement will be used to cover two types of work-based learning experiences. These include: Apprenticeship and Internship (both paid and unpaid).

Under this agreement, a student will receive high school credit for his/her work experience. This credit will only be issued if all requirements are met and proper documentation is provided. All students eligible for high school credit will follow the same guidelines to ensure consistency and fairness. Work-based learning opportunities are open to any student regardless of age, sex, race, religion, national origin, handicapping conditions, pregnancy, parental, or marital status.

The above-mentioned agency will permit the above-mentioned student to enter their establishment for the purpose of gaining knowledge and experience as (a, an) ______________ for ____________ hours per semester.

(Occupation)

1. If compensation is earned, it will be in accordance with existing local standards, labor laws and policies. In addition, all federal and state laws governing employment, child labor, minimum wages, and other applicable regulations must be followed.
2. The student will abide by all school policies while on the work site.
3. The parent or guardian is responsible for the conduct of the student at the site and is also responsible for his or her transportation and personal/school insurance.
4. The parent/guardian, on behalf of themselves and the student, hereby waives and releases the school district, work site, and their representatives from any and all claims for property damage or personal injury that may arise from the student’s participation in the work-based learning program.
5. The Career Development Coordinator will have the authority to transfer or withdraw the student when he/she deems such action to be in the best interest of those concerned.
6. The work of the student will be under the direct supervision of a qualified and experienced person with the tasks to be performed under safe and hazard free conditions.
7. The student, work site supervisor, Career Development Coordinator and parent/guardian shall communicate regularly. This action will ensure that each party involved is aware of the student’s progress and evaluation.

JOURNAL INSTRUCTIONS

A useful way to keep track of what you learn on your internship is to maintain a personal journal. You will write a journal entry after each day you attend your internship, providing details of new knowledge and experiences. It should not only be a log of events, but a means for you to analyze what you do and learn. The length and thoroughness of your journal entry is important. The items in the “Journal Topics” section should be addressed in your journal at some point that week. Use the following prompts to give structure to your journal entries. The journals for a week should be submitted no later than 3:30 p.m. on the following Monday of each week. There is a 10-point deduction for each day late.

Weekly Summary
❖ What did you do and observe at your internship?
❖ What new information and/or skills did you learn?
❖ Address the weekly “Journal Topics”

GRADING CRITERIA

Your journal will be evaluated based on the following criteria:

A. Completeness: Using the “Journal Entry Template,” complete for each week: weekly summary entries; the journal topic entries; the date (Week of) and number of hours completed.

B. Neatness and legibility: Please type your entries on the “Journal Entry Template” and either email or submit a hard copy to me by 3:30 p.m. on the following Monday of each week.

C. Spelling, grammar and sentence structure: Use complete sentences, proper punctuation and capitalization. Do not use slang or text message abbreviations. Run spell check and read your entry before submitting.

D. Journal Template deadline: The completed journal template should be submitted no later than 3:30 p.m. of the following Monday of each week.

CAPSTONE PROJECT INSTRUCTIONS (EXAM)

The purpose of the capstone project is to provide an opportunity to apply knowledge gained during the internship, stimulate desire for further learning and reflect your interests and area of exploration. Try to utilize resources at the internship site that are not normally available in school and to incorporate the use of technology. You may create a model, scrapbook, brochure, research paper, Web page, PowerPoint presentation, or other project that showcases the knowledge and skills you mastered during the internship. You will present your capstone project by the final due date. Your capstone project will be presented in front of your classmates and/or invited visitors. Have your work-based supervisor complete and sign your final evaluation and submit it at the time of your capstone presentation.

CAPSTONE PROJECT PROPOSAL EXAMPLE

(Proposal due Week 10 -- Project & Presentation due Week 15)

Exploring the career of: Veterinary Medicine

Proposal/Description: Create a brochure for new pet owners about care and vaccinations to keep their pet healthy

Relevance: Explains one of the fundamental aspects of veterinary medicine

Planned use of technology: Use Microsoft Publisher to create the brochure
