1) Members of the SIT Review [SIP Goals](#)

- Looked at all three goals and strategies.
- Student climate goal is new goal for our school. We are happy with this goal. Discussed which grade level to survey. Look at surveying each grade level to look for growth.
- Looking at Professional Development Goal- Mrs. Turner has shared her concerns that this is not a realistic goal for us based on time? Should we change the way it is worded? Should we keep this goal?

2) Members of SIT Reviewed Strategies for each goal and revised or clarified language.

3) Members Reviewed Proposed [Committee Structure](#)

- Looked at chart- Looking at how do we arrange the committees?
- What do we do with PBIS and MTSS? Let's make PBIS the CORE and MTSS (Supplemental/Intensive)
- Lit/Tech: Can work with 4 or 5 people but in order to design training for the entire faculty it is desirable to have members from most departments. Lorraine and Kenny are a part of the meetings.
